## REGULATED AIRSPACE AND COUNTRY

Following rules S.1.3, S.1.4, S.1.6 of IVAO special operation department and rule 2.1.11 of IVAO, French division have chosen to regulate military or assimilated flights performed by SO approved member in several world areas.

Rules listed above remind the interdiction to perform flight or activities recreating real conflicts situations, war, geopolitical issues past or current on the IVAO network. That imply restrictions concerning countries and geographical areas where France is concerned by military operations past or current. Restrictions are also applied in areas where IVAO NOTAM are actives and areas where military flights could lead to confusion.

Each concerned countries are represented by a colour which defines the degrees of possibility to realize a flight. Always in accordance with IVAO general rules, local divisional rules if there is and real-world situation.

- **Green:** SO activities are subject to general's rules and local eventual regulations.
- **Beige:** SO activities are tolerated but could present controverts or delicate situations because the country is impacted by real military operations.
- **Orange:** SO activities are strongly not recommended (forbidden for some) because they could be considerate as deleterious concerning real life actualities. And could present a gap regarding IVAO rules.
- **Red:** SO activities are forbidden.

*Countries or areas not coloured must be considered as green.*
